Linkedin: [linkedin.com/in/vikraman-sp/](https://www.linkedin.com/in/vikraman-sp/)

Vikraman SP is a second-year student at SRMIST with a proven track record in technical hackathons, leadership as the Joint-Technical Head of a club, and mentoring. Demonstrates expertise in web development, creative problem-solving, and data analysis, with a strong focus on innovation and analytical thinking. Actively explores new areas in data science and machine learning to drive impactful solutions

SKILLS

Python , C, C++ , Canva Design Tool, AI, Data Science – Beginner, Hyper Text Markup Language (HTML), Cascading Style Sheet (CSS), JavaScript, SQL, Google Firebase

Development Tools: Visual Studio Code, Jupyter Note Book , PyCharm, GitHub, GitLab

Professional Skills and Achievements

Hackathon

- First place in Hack Horizons conducted by WHHC club SRMIST Vadapalani
- First Place in AI Hackathon part of Abhigyan'23 conducted by SRM Vadapalani
- First Place in Webtopia part of Texus'24 conducted by SRM Ramapuram
- First Runners-Up in Hackfest 2.0 – 24 hour hackathon conducted by SRMIST Vadapalani
- First Place in Elechacks 2.0 conducted by SRM Vadapalani

Other Technical Events

- Second Place in Paper Presentation part of Abhigyan'24 conducted by SRM Vadapalani
- Finalist – Top 6 – CSI – A National Level Project Competition conducted by Computer Society of India

Events

- Attended ChennaiFOSS 2.0 conducted by FOSS UNITED

INTERNSHIPS

- Successfully completed an internship at SRMIST Vadapalani, where I developed a full-stack portal to streamline faculty data viewing and retrieval. Utilized HTML, CSS, JavaScript, and Firebase to build a responsive user interface and implement a secure, real-time backend. The project significantly improved data accessibility and operational efficiency for faculty members.

PROJECTS

Club Website

Built a fully functional and responsive club website.
Developed website using HTML, CSS and JS.

NeighboNet Website

Built a community engagement website having Registration as user or for a community and login feature. Virtual Townhall supporting real time meetings, Centralized Bulletin Board for updates, Polling tab tracking and analyzing polls and visitor approval & pre-approval features and more.
Developed website using HTML, CSS, JS & Google Firebase using APIs like AgoraRTC, ChartJS

Certificate Automation Project (Ongoing)

Building a certificate automation website which takes a certificate template and autofills names onto certificate in a selected text area from a CSV file
Developing website using HTML, CSS, JS , Python, Firebase using APIs like Papa Parse API

SRM Faculty Nexus

Developed a full-stack portal using HTML, CSS, JavaScript, and Firebase to streamline faculty data viewing and retrieval, improving accessibility and efficiency.

ONLINE COURSES

Udemy – 100 Days of Code: The Complete Python Pro Bootcamp

Udemy – Complete A.I & Machine Learning, Data Science Bootcamp (**ONGOING**)

Udemy – The complete Data Structures and Algorithms Course in Python (**ONGOING**)

CodeChef – Logic Building in C

Infosys– Introduction to Unix

Infosys– Linux for Beginners

NPTEL – Introduction to programming in C

NPTEL – Design Thinking a Primer

CO-CURRICULAR ACTIVITIES

Joint Technical Head – Holding the badge for the Joint Technical Head at ArrowDev Club

Mentor – Provided guidance and instruction to over 60 students on Web Development concepts and practices.

EDUCATION

B.Tech Computer Science and Business Systems , **CGPA – 9.61** **2023 – 2027**

HSC – Chinmaya Vidyalaya, **Percentage – 88.8%** **2021 – 2023**

SSLC – Chinmaya Vidyalaya, **Percentage – 74.8%** **2021**
